PPO Savings Plan

HealthSavings+

This Summary of Benefits shows the amount you will pay for Covered Services under this Claims Administrator benefit plan. It is only a summary and it is included as part of the Benefit Booklet.¹ Please read both documents carefully for details.

Provider Network:

Blue Shield PPO Network

This Plan uses a specific network of Health Care Providers, called the Full PPO provider network. Providers in this network are called Blue Shield PPO Providers. You pay less for Covered Services when you use a Blue Shield PPO Provider than when you use an Out-of-Network Provider. You can find Blue Shield PPO Providers in this network by signing into your Accolade app or by visiting Blue Shield's Find a Doctor website at [HealthSavings+](#) for a list of your Plan's In-Network Providers.

Calendar Year medical and pharmacy Deductibles (CYD)^{2,9}

A Calendar Year Deductible (CYD) is the amount a Member pays each Calendar Year before the Claims Administrator pays for Covered Services under the Plan. The Claims Administrator pays for some Covered Services before the Calendar Year Deductible is met, as noted in the Benefits chart below.

		When using a Blue Shield PPO Provider ³	When using an Out-of-Network Provider ⁴

	<i>Family coverage</i>	\$5,000	\$8,000

Calendar Year medical and pharmacy Out-of-Pocket Maximum^{5,9}

An Out-of-Pocket Maximum is the most a Member will pay for Covered Services each Calendar Year. Any exceptions are listed in the Notes section at the end of this Summary of Benefits.

No Annual or Lifetime Dollar Limit

Under this Plan there is no annual or lifetime dollar limit on the amount Claims Administrator will pay for Covered Services.

Notes

1 Benefit Booklet:

The Benefit Booklet describes the Benefits, limitations, and exclusions that apply to coverage under this Plan. Please review the Benefit Booklet for more details of coverage outlined in this Summary of Benefits. You can request a copy of the Benefit Booklet at any time.

Capitalized terms are defined in the Benefit Booklet. Refer to the Benefit Booklet for an explanation of the terms used in this Summary of Benefits.

2 Calendar Year Deductible (CYD):

Calendar Year Deductible explained. A Calendar Year Deductible is the amount you pay each Calendar Year before the Claims Administrator pays for Covered Services under the Plan.

If this Plan has any Calendar Year Deductible(s), Covered Services subject to that Deductible are identified with a check mark (✓) in the Benefits chart above.

Covered Services not subject to the Calendar Year medical or pharmacy Deductible. Some Covered Services received from Blue Shield PPO Providers are paid by the Claims Administrator before you meet any Calendar Year medical or pharmacy Deductible. These Covered Services do not have a check mark (✓) next to them in the "CYD applies" column in the Benefits chart above.

This Plan has a separate Blue Shield PPO Provider Deductible and Out-of-Network Provider Deductible. For Family Coverage. The Family Deductible must be met by you and your Family members collectively within a Calendar Year.

3 Using Blue Shield PPO Providers:

Blue Shield PPO Providers have a contract to provide health care services to Members. When you receive Covered Services from a Blue Shield PPO Provider, you are only responsible for the Copayment or Coinsurance, once any Calendar Year Deductible has been met.

"Allowable Amount" is defined in the Benefit Booklet. In addition:

- Coinsurance is calculated from the Allowable Amount.
-

4 Using Out-of-Network Providers:

Out-of-Network Providers do not have a contract to provide health care services to Members. When you receive Covered Services from an Out-of-Network Provider, you are responsible for:

- the Copayment or Coinsurance (once any Calendar Year Deductible has been met), and
- any charges above the Allowable Amount.

"Allowable Amount" is defined in the Benefit Booklet. In addition:

- Coinsurance is calculated from the Allowable Amount, which is subject to any stated Benefit maximum.
 - Charges above the Allowable Amount do not count towards the Deductible or Out-of-Pocket Maximum and are your responsibility for payment to the provider. This out-of-pocket expense can be significant.
-

5 Calendar Year Out-of-Pocket Maximum (OOPM):

Calendar Year Out-of-Pocket Maximum explained. The Out-of-Pocket Maximum is the most you are required to pay for Covered Services in a Calendar Year. Once you reach your Out-of-Pocket Maximum, the Claims Administrator will pay 100% of the Allowable Amount for Covered Services for the rest of the Calendar Year.

Your payment after you reach the Calendar Year OOPM. You will continue to pay all charges for services that are not covered and charges above the Allowable Amount.

Any Deductibles count towards the OOPM. Any amounts you pay that count towards the Calendar Year medical and pharmacy Deductible also count towards the Calendar Year Out-of-Pocket Maximum. Infertility services do not accrue to your Calendar Year Out-of-Pocket Maximum.

This Plan has a separate Blue Shield PPO OOPM and Out-of-Network Provider OOPM.

For Family coverage. The Family OOPM must be met by you and your Family members collectively within a Calendar Year.

6 Separate Member Payments When Multiple Covered Services are Received:

Each time you receive multiple Covered Services, you might have separate payments (Copayment or Coinsurance) for each service. When this happens, you may be responsible for multiple Copayments or Coinsurance. For example, you may owe an office visit payment in addition to an allergy serum payment when you visit the doctor for an allergy shot.

7 Preventive Health Services:

If you only receive Preventive Health Services during a Physician office visit, there is no Copayment or Coinsurance for the visit by a Blue Shield PPO Provider. If you receive both Preventive Health Services and other Covered Services during the Physician office visit, you may have a Copayment or Coinsurance for the visit. You can learn more about Preventive Health Services at www.blueshieldca.com/content/dam/bsca/en/member/docs/Preventive-Health-Guidelines.pdf.

8 Infertility Services:

A "cycle" is defined by this Plan as ovarian stimulation with egg(s) retrieval. Member's will have coverage for two (2) egg retrieval cycles with fertilization of eggs and subsequent embryo transfer for all embryos created from a covered cycle. Infertility services do not accrue to your Calendar Year Out-of-Pocket Maximum. Infertility services are administered by WINFertility. For more information on infertility coverage, contact WINFertility customer service at 877-451-3077.

9 Outpatient Prescription Drug Coverage (Navitus):

Outpatient prescription drug coverage is administered by Navitus. For information on outpatient prescription drug coverage, contact Navitus customer service at 833-8374308.

10 Accolade Care:

Telehealth visits for preventive care are available at no Cost Share. Telehealth visits for primary and urgent care and telebehavioral health visits are available at \$30 per visit, before the Calendar Year Deductible is met. Once your Calendar Year Deductible is met, you will be responsible for paying 30% Coinsurance per visit until the Calendar Year Out-of-Pocket Maximum is reached. For more information, visit member.accolade.com or call Accolade Customer Service at 1-866-406-1182.

11 Blue Cross Blue Shield Global Core® Program:

For more information, see the [Blue Cross Blue Shield Global Core® Program](#) section and the [Inter-Plan Programs](#) section.

Plans may be modified to ensure compliance with Federal requirements or at any time UC Office of the President may require a benefit change at the direction of Systemwide HR.

Introduction

Welcome! We are happy to have you as a Member of the HealthSavings+ plan.

This health Plan will help you pay for medical care and provide you with access to a network of doctors, Hospitals, and other Health Care Providers. The types of services that are covered, the providers you can see, and your share of cost when you receive care may vary depending on the terms of the Plan, as described in further detail in this Benefit Booklet.

About this Benefit Booklet

The Benefit Booklet describes the health care coverage that is provided under the Plan. The Benefit Booklet tells you:

- Your eligibility for coverage;
- When coverage begins and ends;
- How you can access care;
- Which services are covered under your Plan (Covered Services);
- Which services are not covered under your Plan;
- When and how you must get prior authorization for certain services; and
- Important financial concepts, such as Copayment, Coinsurance, Deductible, and Out-of-Pocket Maximum.

This Benefit Booklet includes a [Summary of Benefits](#) section that lists your Cost Share for Covered Services. Use this summary to figure out what your cost will be when you receive care.

Please read this Benefit Booklet carefully. Some topics in this document are complex. For additional explanation on these topics, you may be directed to a section at the back of the Benefit Booklet called [Other important information about your Plan](#). Pay particular attention to sections that apply to any special health care needs you may have. Be sure to keep this Benefit Booklet in your files for future reference.

“You” means the Member

In this Benefit Booklet, “you” or “your” means any Member enrolled in the Plan, including the Participant and all Dependents. “Your Employer” means the Participant’s Employer.

Capitalized words have a special meaning

Some words and phrases in this Benefit Booklet may be new to you. Key terms with a special meaning within this Benefit Booklet are capitalized and defined in the [Definitions](#) section.

About this Plan

This is a Preferred Provider Organization (PPO) plan. In a PPO plan, you have the flexibility to choose the providers you see. You can receive care from In-Network Providers or Out-of-Network Providers. See the [How to access care](#) section for information about In-Network and Out-of-Network Providers.

High deductible health plans

This Plan is intended to qualify as a high deductible health plan. It is designed to be compatible with a health savings account (HSA). An HSA is a tax-advantaged savings account you can use to pay for medical expenses, including Cost Shares. Contributions to your HSA are taken from your paycheck before taxes and can be used tax-free for medical expenses. You can also save them on a tax-deferred basis for the future. Your HSA funds will roll over from year to year.

Please note that the Claims Administrator does not offer HSAs and you cannot sign up for an HSA directly through the Claims Administrator. If you are interested in learning more about HSAs, ask your Employer or consult with a financial advisor. You can also read more about HSAs in the [Notices about your Plan](#) section.

How to access care

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED.

Health care professionals and facilities

This Plan covers care from Blue Shield PPO Providers and Out-of-Network Providers. You do not need a referral. However, some services do require prior authorization. See the [Utilization Management Program](#) section for information about prior authorization.

In-Network Providers (Blue Shield PPO Providers)

In-Network Providers have a contract with the Claims Administrator and agree to accept the Claims Administrator's Allowable Amount as payment in full for Covered Services. As a result, when you receive Covered Services from an In-Network Provider, you will not be responsible for any costs in excess of the applicable Cost Share. When you receive Covered Services from an Out-of-Network Provider, you will be responsible for the applicable Cost Share and may also be responsible for additional costs, such as charges from the Out-of-Network Provider that are over the Allowable Amount and charges for services above any maximum Benefit allowance.

Some services will not be covered unless you receive them from an In-Network Provider. See the [Summary of Benefits](#) section to find out which Covered Services must be received from an In-Network Provider.

If a provider leaves this Plan's network, the status of the provider will change from In-Network to Out-of-Network. See the [Continuity of Care](#) section for more information on how to continue treatment with a former In-Network Provider.

Call Accolade Customer Service, visit member.accolade.com or blueshieldca.com and click on **Find a Doctor**, or visit [HealthSavings+](#) for a list of your Plan's **In-Network Providers**.

Out-of-Network Providers

Out-of-Network Providers do not have a contract with the Claims Administrator to accept the Claims Administrator's Allowable Amount as payment in full for Covered Services.

Except for Emergency Services and services received at an In-Network Provider facility (Hospital, Ambulatory Surgical Center, laboratory, radiology center, imaging center, or certain other outpatient settings) under certain conditions, you will pay more for Covered Services from an Out-of-Network Provider.

Out-of-Network Providers at an In-Network Provider Hospital or Ambulatory Surgical Center

When you receive care at one of these types of In-Network Provider facilities, some Covered Services may be provided by an Out-of-Network Provider. Your Cost Share will be the same as the amount due to an In-Network Provider under similar circumstances, and you will not be responsible for additional charges above the Allowable Amount, unless the Out-of-Network Provider provides you written notice of what they may charge and you consent to those terms.

Common types of providers

Primary Care Physicians (PCPs)

Other primary care providers, such as nurse practitioners and physician assistants

Physician Specialists, such as dermatologists and cardiologists

Physical, occupational, and speech therapists

Mental health providers, such as psychiatrists, psychologists, and licensed clinical social workers

Hospitals

Freestanding labs and radiology centers

Ambulatory Surgery Centers

Your Primary Care Physician

Primary Care Physicians (PCPs) provide primary care and help direct you to specialized care. We suggest your PCP be your first point of contact when you need Covered Services. However, you do not need to visit your PCP or get a referral from your PCP before you receive care.

PCPs may be:

- General practitioners;
- Family practitioners;
- Internists;
- Obstetrician/gynecologists; or
- Pediatricians.

Accolade Care

The Plan Administrator has contracted with Accolade to provide telehealth and telebehavioral health (virtual) services. Virtual services through this program offer you an alternative to in-person office visits at no Cost Share for telehealth visits for preventive care. Telehealth visits for primary and urgent care and telebehavioral health

visits are available at \$30 per visit, before the Calendar Year Deductible is met. Once your Calendar Year Deductible is met, you will be responsible for paying 30% Coinsurance per visit until the Calendar Year Out-of-Pocket Maximum is reached.

Benefits are available for ongoing primary care and mental health care visits by secure online video. Some age restrictions apply.

For more information, visit member.accolade.com or call Accolade Customer Service at 1-866-406-1182.

ID cards

The Claims Administrator will provide the Participant and any enrolled Dependents with identification cards (ID cards). Only you can use your ID card to receive Benefits. Your ID card is important for accessing health care, so please keep it with you at all times. Temporary ID cards are available at member.accolade.com.

Canceling appointments

If you are unable to keep an appointment, you should notify the provider at least 24 hours before your scheduled appointment. Some offices charge a fee for missed appointments unless it is due to an emergency or you give 24-hour advance notice.

Continuity of Care

Continuity of care with a Former In-Network Provider may be available if your provider leaves the Claims Administrator network or the Claims Administrator no longer contracts with your In-Network Provider for the services you are receiving.

Continuity of care may also be available to you when your Employer terminates its contract with the Claims Administrator and contracts with a new third-party administrator (TPA) that does not include the Claims Administrator's In-Network Provider in its network.

If your former In-Network Provider is no longer available to you for one of the reasons noted above, the Claims Administrator will notify you of the option to continue treatment with your Former In-Network Provider.

You can request to continue treatment with your Former In-Network Provider in the situations described above if you are currently receiving the following care:

<div>  Continuity of care with a Former In-Network Provider  </div>	
Qualifying conditions	Timeframe
Undergoing a course of institutional or inpatient care	90 days from the date of receipt of notice of the termination of the Former In-Network Provider's contract, the Employer's contract, or until the treatment concludes, whichever is sooner
Acute conditions	As long as the condition lasts
Maternal mental health condition	12 months after the condition's diagnosis or 12 months after the end of the pregnancy, whichever is later
Ongoing pregnancy care, including care immediately after giving birth	Up to 12 months
Recommended surgery or procedure documented to occur within 180 days	Within 180 days
Ongoing treatment for a child up to 36 months old	Up to 12 months
Serious chronic condition	Up to 12 months
Terminal illness	The duration of the terminal illness

If a condition falls within a qualifying condition under federal and state law, the more generous time frames would be followed.

To request continuity of care, please call Accolade Customer Service. The Claims Administrator will confirm your eligibility and may review your request for Medical Necessity.

Under Federal law, the former In-Network Provider must accept the Claims Administrator's Allowable Amount as payment in full for the first 90 days of your ongoing care. Once the provider accepts and your request is authorized, you may continue to see the former In-Network Provider at the In-Network Provider Cost Share.

See the [Your payment information](#) section for more information about the Allowable Amount.

Second medical opinion

You can consult an In-Network or Out-of-Network Provider for a second medical opinion in situations including but not limited to:

Questions? Visit member.accolade.com, use the Blue Shield mobile app, or call Accolade Customer Service at 1-866-406-1182. Visit [HealthSavings+](#) for a list of your Plan's In-Network Providers.

- You have questions about the reasonableness or necessity of the treatment plan;
- There are different treatment options for your medical condition;
- Your diagnosis is unclear;
- Your condition has not improved after completing the prescribed course of treatment;
- You need additional information before deciding on a treatment plan; or
- You have questions about your diagnosis or treatment plan.

You do not need prior authorization from the Claims Administrator or your Physician for a second medical opinion.

Care outside of California

If you need medical care while traveling outside of California, you're covered. The Claims Administrator has relationships with health plans in other states, Puerto Rico, and the U.S. Virgin Islands through the BlueCard® Program. The Blue Cross Blue Shield Association can help you access care from participating and non-participating providers in those geographic areas.

See the [Out-of-area services](#) section for more information about receiving care while outside of California. To find participating providers while outside of California, visit bcbs.com.

Emergency Services

If you have a medical emergency, **call 911 or seek immediate medical attention** at the nearest hospital.

The Benefits of this Plan will be provided anywhere in the world for treatment of an Emergency Medical Condition. Emergency Services are covered at the In-Network Provider Cost Share, even if you receive treatment from an Out-of-Network Provider.

If you cannot find an In-Network Provider – Gap Exception Process

Call Accolade Customer Service if you need help finding an In-Network Provider who can provide the care you need close to home. If an In-Network Provider is not available, you can ask to see an Out-of-Network Provider at the In-Network Provider Cost Share. If the services cannot reasonably be obtained from an In-Network Provider, Accolade will review your request and you will only be responsible for the In-Network Provider Cost Share. This is called an approved "Gap Exception".

Other ways to access care

For non-emergencies, it may be faster and easier to access care in one of the following ways. For more information, please call Accolade Customer Service or visit member.accolade.com.

Retail-based health clinics

Retail-based health clinics are conveniently located within stores and pharmacies. They are staffed with nurse practitioners who can provide basic medical care on a walk-in basis.

The Cost Share for Covered Services at an In-Network retail-based health clinic is described in the Summary of Benefits.

Telebehavioral health services

Online telebehavioral health services for Mental Health and Substance Use Disorder Conditions are available through Accolade. Telebehavioral health includes counseling services, psychotherapy, and medication management with a mental health provider.

Urgent care centers

Urgent care centers are free-standing facilities that provide many of the same basic medical services as a doctor's office, often with extended hours but similar Cost Share.

If your condition is not an emergency, but you need treatment that cannot be delayed, you can visit an urgent care center to receive care that is typically faster and costs less than an emergency room visit.

Ambulatory Surgery Centers

Many of the more common, uncomplicated, outpatient surgical procedures can be performed at an Ambulatory Surgery Center. Your cost at an Ambulatory Surgery Center may be less than it would be for the same outpatient surgery performed at a Hospital.

Health advice and education

Your Plan provides several ways for you to get health advice and access to health education and wellness services. These resources are available to you at no extra cost.

Health and wellness resources

Your Plan gives you access to a variety of health education and wellness services, such as:

- Prenatal and other health education programs;
- Healthy lifestyle programs to help you get more active, quit smoking, lower stress, and much more; and
- A health update newsletter.

Call Customer Service or visit member.accolade.com to explore these resources.

Utilization Management Program

The Utilization Management Program is a service that reviews your treatment for clinical appropriateness. The Claims Administrator uses utilization management to help you and your providers identify the most appropriate and high-value way to use the Benefits of this Plan. Care management and palliative care can help you access the care you need to manage serious health conditions and complex treatment plans.

For written information about the Claims Administrator's **Utilization Management Program**, call Customer Service or visit member.accolade.com or blueshieldca.com.

Prior authorization

Coverage for some Benefits requires pre-approval from the Claims Administrator. This process is called prior authorization. Prior authorization requests are reviewed for Medical Necessity, available Plan Benefits, and clinically appropriate setting. The prior authorization process also identifies Benefits that are only covered from In-Network Providers or in a specific clinical setting.

All providers must obtain prior authorization when required. When prior authorization is required for an In-Network Provider but not obtained, the Claims Administrator will deny payment to your provider. You are not responsible for the Claims Administrator's portion of the Allowable Amount.

When prior authorization is required but not obtained by an Out-of-Network Provider, the responsibility is placed on **you, the member**. When the prior authorization was not obtained, or denied by the Claims Administrator, the services provided are **determined not to be a Benefit of the Plan or Medically Necessary**. The Claims Administrator may deny payment and **you will be responsible for all billed charges**. This includes international Hospital admissions.

You do not need prior authorization for Emergency Services or emergency Hospital admissions at In-Network or Out-of-Network facilities. For non-emergency inpatient services, your provider should request prior authorization at least five business days before admission.

Call Customer Service or visit member.accolade.com or blueshieldca.com and click on Prior Authorization List for more details about medical and surgical services and select medically-administered prescription Drugs that require prior authorization.

Prescription Drugs administered by a Health Care Provider

Drugs administered by a Health Care Provider in a Physician's office, an infusion center, the Outpatient Department of a Hospital, or provided at home through a home infusion agency, are covered under the medical benefit and require prior authorization. The prior authorization process for self-administered prescription Drugs available at a retail, specialty, or mail order pharmacy is explained in the [Prescription Drug Benefits](#) section.

Frequently-utilized services that require prior authorization	
Benefit	Services that require prior authorization
Medical	<ul style="list-style-type: none"> • Surgery • Prescription Drugs administered by a Health Care Provider • Non-emergency inpatient facility services, such as Hospitals and Skilled Nursing Facilities • Non-emergency ambulance services • Routine patient care received while enrolled in a clinical trial • Hospice program enrollment
Mental health and substance use disorder	<ul style="list-style-type: none"> • Non-emergency mental health or substance use disorder Hospital admissions, including acute and residential care • Behavioral Health Treatment • Electroconvulsive therapy • Psychological testing • Partial Hospitalization Program • Intensive Outpatient Program • Transcranial magnetic stimulation

When a decision will be made about your prior authorization request	
Prior authorization or exception request	Time for decision
Routine medical and mental health and substance use disorder requests	Within five business days, but not to exceed seven calendar days
Expedited medical and mental health and substance use disorder requests	Within 72 hours

Expedited requests include urgent medical requests. Once the decision is made, your provider will be notified within 24 hours. Written notice will be sent to you and your provider within two business days.

While you are in the Hospital (inpatient utilization review)

When you are admitted to the Hospital, your stay will be monitored for continued Medical Necessity. If it is no longer Medically Necessary for you to receive an inpatient level of care, the Claims Administrator will send a written notice to you, your provider, and the Hospital. If you choose to stay in the Hospital past the date indicated in this notice, you may be held financially responsible for inpatient charges after that date. For an In-Network Hospital to hold you financially responsible, the In-Network Hospital must obtain from you in writing an acknowledgment of financial liability prior to rendering the services. Exceptions to inpatient utilization review include maternity and mastectomy care.

For maternity, the minimum length of an inpatient stay is 48 hours for a normal, vaginal delivery and 96 hours for a C-section. The provider and mother together may decide that a shorter length of stay is adequate.

For mastectomy, you and your provider determine the Medically Necessary length of stay after the surgery.

After you leave the Hospital (discharge planning)

You may still need care at home or in another facility after you are discharged from the Hospital. The Claims Administrator will work with you, Accolade, your provider, and the Hospital's discharge planners to determine the most appropriate way to provide this care.

Using your Benefits effectively

Care management helps you coordinate your health care services and make the most efficient use of your Plan Benefits. Its goal is to help you stay as healthy as possible while managing your health condition, to avoid unnecessary emergency room visits and repeated hospitalizations, and to help you with the transition from Hospital to home. An Accolade care management nurse may contact you to see how we might help you manage your health condition. You may also request care management support by calling Accolade Customer Service. A case manager can:

- Help you identify and access appropriate services;
- Instruct you about self-management of your health care conditions; and
- Identify community resources to lend support as you learn to manage a chronic health condition.

Alternative services may be offered when they are medically appropriate and only utilized when you, your provider, and the Claims Administrator mutually agree. The availability of these services is specific to you for a set period of time based on your health condition. The Claims Administrator does not give up the right to administer your Benefits according to the terms of this Benefit Booklet or to discontinue any alternative services when they are no longer medically appropriate. The Plan is not obligated to

cover the same or similar alternative services for any other Member in any other instance.

Managing a serious illness (palliative care services)

The Claims Administrator covers palliative care services if you have a serious illness. Palliative care provides relief from the symptoms, pain, and stress of a serious illness to help improve the quality of life for you and your family.

Palliative care services include access to Physicians and case managers who are specially trained to help you:

- Manage your pain and other symptoms;
- Maximize your comfort, safety, autonomy, and well-being;
- Navigate a course of care;
- Make informed decisions about therapy;
- Develop a survivorship plan; and
- Document your quality-of-life choices.

Your payment information

Paying for coverage

The Employer is responsible for funding the payment of claims for Benefits under this Plan.

Paying for Covered Services

Your Cost Share is the amount you pay for Covered Services. It is your portion of the Claims Administrator's Allowable Amount.

Your Cost Share includes any:

- Deductible;
- Copayment amount; and
- Coinsurance amount.

When you see an Out-of-Network Provider, you are responsible for your Cost Share and all charges over the Allowable Amount.

See the [Summary of Benefits](#) section for your **Cost Share** for Covered Services.

Allowable Amount

The Allowable Amount is the maximum amount the Claims Administrator will pay for Covered Services, or the provider's billed charge for those Covered Services, whichever is less. The Claims Administrator's payment to the provider is the difference between the Allowable Amount and your Cost Share.

In-Network Providers agree to accept the Allowable Amount as payment in full for Covered Services, except as stated in the [Exception for other coverage](#) and [Reductions – third party liability](#) sections. When you see an In-Network Provider, you are responsible for your Cost Share.

Generally, the Claims Administrator will pay its portion of the Allowable Amount and you will pay your Cost Share. If there is a payment dispute between the Claims Administrator and an In-Network Provider over Covered Services you receive, the In-Network Provider must resolve that dispute with the Claims Administrator. You are not required to pay for the Claims Administrator's portion of the Allowable Amount. You are only required to pay your Cost Share for those services.

Out-of-Network Providers do not agree to accept the Allowable Amount as payment in full for Covered Services. When you see an Out-of-Network Provider, you are responsible for:

- Your Cost Share; and
- All charges over the Allowable Amount.

Calendar Year Deductible

The Deductible is the amount you pay each Calendar Year for Covered Services before the Claims Administrator begins payment. The Claims Administrator will pay for some Covered Services before you meet your Deductible. Typically, these are the ACA-mandated "Preventive Health Services" as described above in the Summary of Benefits.

Amounts you pay toward your Deductible count toward your Out-of-Pocket Maximum.

Amounts you pay over the Allowable Amount do not count toward your Deductible.

Some plans do not have a Deductible. For plans that do, there may be separate Deductibles for:

- An individual Member and an entire Family; and
- In-Network Providers and Out-of-Network Providers.

The Calendar Year per Family Deductible amount is shown in the [Summary of Benefits](#). This Deductible must be made up of charges covered by the Plan, and must be satisfied once during each Calendar Year. Charges incurred by one or all of the Family members in combination will be used to calculate the Calendar Year Family Deductible. After the Calendar Year Deductible is satisfied for those Covered Services to which it applies, Benefits will be provided for Covered Services to any and all Family members.

If your Plan has individual coverage and you enroll a Dependent, your Plan will have Family coverage. Any amount you have paid toward the Deductible for your Plan with individual coverage will be applied to both the individual Deductible and the Family Deductible for your new Plan.

See the [Summary of Benefits](#) section for details on which Covered Services are subject to the Deductible and how the Deductible works for your Plan.

Copayment and Coinsurance

A Covered Service may have a Copayment or a Coinsurance. A Copayment is a specific dollar amount you pay for a Covered Service. A Coinsurance is a percentage of the Allowable Amount you pay for a Covered Service.

Your provider may ask you to pay your Copayment or Coinsurance at the time of service. For Covered Services that are subject to your Plan's Deductible, you are also responsible for all costs up to the Allowable Amount until you reach your Deductible.

You will continue to pay the Copayment or Coinsurance for each Covered Service you receive until you reach your Out-of-Pocket Maximum.

Calendar Year Out-of-Pocket Maximum

The Out-of-Pocket Maximum is the most you are required to pay in Cost Share for Covered Services in a Calendar Year. Your Cost Share includes any applicable Deductible, Copayment, and Coinsurance and these amounts count toward your Out-of-Pocket Maximum, except as listed below. Once you reach your Out-of-Pocket Maximum, the Claims Administrator will pay 100% of the Allowable Amount

for Covered Services for the rest of the Calendar Year. If you want information about your Out-of-Pocket Maximum, you can call Accolade Customer Service.

Some plans may have a separate Out-of-Pocket Maximum for:

- An individual Member and an entire Family;
- In-Network Providers and Out-of-Network Providers; and
- In-Network Providers and combined In-Network and Out-of-Network Providers.

The Family Out-of-Pocket Maximum will be satisfied by the Member and all covered Dependents collectively.

If your Plan has individual coverage and you enroll a Dependent, your Plan will have Family coverage. Any amount you have paid toward the Out-of-Pocket Maximum for your Plan with individual coverage will be applied to both the individual Out-of-Pocket Maximum and the Family Out-of-Pocket Maximum for your new Plan.

The following do not count toward your Out-of-Pocket Maximum:

- Charges for services that are not covered; and
- Charges over the Allowable Amount.

You will continue to be responsible for these costs even after you reach your Out-of-Pocket Maximum.

See the [Summary of Benefits](#) section for details on how the Out-of-Pocket Maximum works for your Plan.

Cost Share concepts in action

To recap, you are responsible for all costs for Covered Services until you reach any applicable Deductible. Once you reach any applicable Deductible, the Claims Administrator will pay the Allowable Amount for Covered Services, minus your Copayment or Coinsurance amounts, until you reach your Out-of-Pocket Maximum. Once you reach your Out-of-Pocket Maximum, the Claims Administrator will pay 100% of the Allowable Amount for Covered Services. Exceptions are described above.

EXAMPLE Cost to visit the doctor

Now that you know the basics, here is an example of how your Cost Share works. Please note, the DOLLAR AMOUNTS IN THE EXAMPLE ARE EXAMPLES ONLY AND DO NOT REFLECT ACTUAL DOLLAR AMOUNTS FOR YOUR PLAN.

Example: You visit the doctor for a sore throat. You have received Covered Services throughout the year and have already met your \$500 Deductible. However, you have not yet met your \$1,000 Out-of-Pocket Maximum.

*Deductible: **\$500***

*Amount paid to date toward Deductible: **\$500***

*Out-of-Pocket Maximum: **\$1,000***

*Amount paid to date toward Out-of-Pocket Maximum: **\$500***

*In-Network Provider Copayment: **\$30***

*Out-of-Network Provider Copayment: **\$40***

*The Claims Administrator's Allowable Amount for the doctor's visit: **\$100***

*Out-of-Network Provider billed charge for the doctor's visit: **\$140***

	<i>In-Network Provider</i>	<i>Out-of-Network Provider</i>
You pay	\$30 (\$30 Copayment)	\$80 (\$40 Copayment plus \$40 for charges over Allowable Amount)
The Claims Administrator pays	\$70 (Allowable Amount minus your Cost Share)	\$60 (Allowable Amount minus your Cost Share)
Total payment to the doctor	\$100 (Allowable Amount)	\$140 (Billed charge)

In this example, because you have already met your Deductible, you are responsible for:

- In-Network Provider: the Copayment; or
- Out-of-Network Provider: the Copayment plus all charges over the Allowable Amount.

Claims

When you receive health care services, a claim must be submitted to request payment for Covered Services. A claim must be submitted even if you have not yet met your Deductible. The Claims Administrator uses claims information to track dollar amounts that count toward your Deductible and Out-of-Pocket Maximum.

When you see an In-Network Provider, your provider submits the claim to the Claims Administrator. When you see an Out-of-Network Provider, you must submit the claim to the Claims Administrator.

For claim forms, please call Accolade Customer Service or visit member.accolade.com or blueshieldca.com. You are required to submit your claim form and medical records within one year of the service date, or the claim will not be allowed.

See the [Out-of-Area services](#) section in the [Other important information about your plan](#) section for more information on claims outside of California.

How to submit a claim			
Type of claim	What to submit	Where to submit it	Due date
Medical services	<ul style="list-style-type: none"> • The Claims Administrator claim form; and • The itemized bill from your provider 	Blue Shield of California P.O. Box 272540 Chico, CA 95927	Within one year of the service date

Claim processing and payments

The Claims Administrator will process your claim within 30 business days of receipt if it is not missing any required information. If your claim is missing any required information, you or your provider will be notified and asked to submit the missing information. The Claims Administrator cannot process your claim until we receive the missing information.

Once your claim is processed, you will receive an explanation of your Benefits. For each service, the explanation will list your Cost Share and the payment made by the Claims Administrator to the provider.

When you receive Covered Services from an Out-of-Network Provider, the Claims Administrator will send the payment to the Participant in most cases. However, the Claims Administrator may send the payment directly to the Out-of-Network Provider

in certain circumstances, such as for Emergency Services, or when otherwise required by applicable state or federal law.

The Participant must make sure **the Out-of-Network Provider** receives the **full billed amount**, whether or not the Claims Administrator makes payment to the Out-of-Network Provider.

Cancellation or rescission is effective on the date specified in the Notice of Cancellation, Rescission or Nonrenewal and the Notice of

Clinical trials for treatment of cancer or life-threatening diseases or conditions Benefits

Benefits are available for routine patient care when you have been accepted into an approved clinical trial for treatment of cancer or a life-threatening disease or condition. A life-threatening disease or condition is a disease or condition that is likely to result in death unless its progression is interrupted.

The clinical trial must have therapeutic intent and the treatment must meet one of the following requirements:

- Your In-Network Provider determines that your participation in the clinical trial would be appropriate based on either the trial protocol or medical and scientific information provided by you; or
- You provide medical and scientific information establishing that your participation in the clinical trial would be appropriate.

Coverage for routine patient care received while participating in a clinical trial requires prior authorization. **Routine patient care is care that would otherwise be covered by the Plan if those services were not provided in connection with an approved clinical trial.** The [Summary of Benefits](#) section lists your Cost Share for Covered Services. These Cost Share amounts are the same whether or not you participate in a clinical trial. Routine patient care does not include:

- The investigational item, device, or service itself;
- Drugs or devices not approved by the U.S. Food and Drug Administration (FDA);
- Travel, housing, companion expenses, and other non-clinical expenses;
- Any item or service that is provided solely to satisfy data collection and analysis needs and that is not used in the direct clinical management of the patient;
- Services that, except for the fact that they are being provided in a clinical trial, are specifically excluded under the Plan;
- Services normally provided by the research sponsor free for any enrollee in the trial; or
- Any service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.

Approved clinical trial means a phase I, phase II, phase III, or phase IV clinical trial conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening diseases or conditions, and the study or investigation meets one of the following requirements:

- It is a drug trial conducted under an investigational new drug application reviewed by the FDA;
- It is a drug trial exempt under federal regulations from a new drug application; or
- It is federally funded or approved by one or more of the following:
 - One of the National Institutes of Health;

Habilitative services are therapies that help you learn, keep, or improve the skills or functioning you need for Activities of Daily Living.

These services include physical therapy, occupational therapy, and speech therapy. Treatment must be provided by an appropriately-licensed or certified Health Care Provider.

See the [Hospital services](#) section for information about inpatient rehabilitative Benefits.

See the [Home health services](#) and [Hospice program services](#) sections for information about coverage for rehabilitative and habilitative services provided in the home.

A new benefit period can only begin after an existing benefit period ends.

Blue Shield does not provide tax advice. If you have tax questions about travel expense reimbursements, you should consult with your tax advisor.

Reimbursement is not available if the reimbursements themselves or the underlying services would be unlawful under applicable law.

Urgent care services

Benefits are available for urgent care services you receive at an urgent care center or during an after-hours office visit. You can access urgent care instead of going to the emergency room if you have a medical condition that is not life-threatening but prompt care is needed to prevent serious deterioration of your health.

Contact Customer Service via telephone or visit blueshieldca.com and include relevant information, such as:

- Your name;
- Member ID number;
- Date of service;
- Claim number;
- Provider name;
- Your explanation of what happened and why you believe the original determination was incorrect; and

Written requests for initial internal appeal may be submitted to the following address:

Blue Shield of California
Attn: Initial Appeals
P.O. Box 5588
El Dorado Hills, CA 95762-0011

Appeals must be submitted within 180 days after you receive notice of an Adverse Benefit Determination. The Claims Administrator will acknowledge receipt of an appeal within five calendar days. Appeals are resolved in writing within 30 days from the date of receipt by the Claims Administrator, unless qualified for an expedited decision.

Voluntary Second-Level Internal Appeal

You may request an external review immediately after the initial internal appeal determination by the Claims Administrator. However, you may choose a voluntary second-level internal appeal if you are dissatisfied with the initial internal appeal determination by the Claims Administrator. The determination may be appealed in writing to the Claims Administrator within 60 days after the date of receipt of the notice of the initial appeal determination. Such written request shall contain any additional information that you wish the Claims Administrator to consider. The Claims Administrator shall notify you in writing of the results of its review and the specific basis therefor. In the event the Claims Administrator finds all or part of the appeal to be valid, the Claims Administrator, on behalf of the Employer, shall reimburse either you or your Health Care Provider for those expenses which the Claims Administrator allowed as a result of its review of the appeal. Final appeals are resolved in writing within 30 days

from the date of receipt to the Claims Administrator. Written requests for final internal standard appeals may be submitted to:

Blue Shield of California
Attn: Final Appeals
P.O. Box 5588
El Dorado Hills, CA 95762-0011

Expedited Appeal (Initial and Voluntary Second-Level)

You have the right to an expedited decision when the routine decision-making process might pose an imminent or serious threat to your health, including but not limited to severe pain or potential loss of life, limb or major bodily function. To initiate a request for an expedited decision, you, a designated representative, a provider or an attorney on your behalf may call or write as instructed under the Initial and Voluntary Second-Level Internal Appeals sections outlined above. Specifically state that you want an expedited decision and that waiting for the standard processing might seriously jeopardize your health. The Claims Administrator will evaluate your request and medical condition to determine if it qualifies for an expedited decision. If it qualifies, your request will be processed as soon as possible to accommodate your condition, not to exceed 72 hours.

External Review

Standard External Review

If you are dissatisfied with the initial internal appeal determination or voluntary second-level internal appeal determination, and the determination involves medical judgment, a rescission of coverage, or consideration of whether the Plan is complying with surprise billing and cost-share protections under the federal No Surprises Act, you, a designated representative, a provider or an attorney on your behalf, may request an external review with an Independent Review Organization.

Requests for external review must be submitted within four months after notice of the initial internal appeal determination, or, if applicable, within four months after notice of the voluntary second-level internal appeal determination. The Independent Review Organization will provide a determination within 45 days after the Independent Review Organization receives the request for the external review. Instructions for submitting a request for external review will be outlined in the final internal appeal response letter.

Expedited External Review

If your situation is eligible for an expedited decision, you, a designated representative, a provider or an attorney on your behalf may request external review within four months from the Adverse Benefit Determination without participating in the initial or final internal appeal process.

To initiate a request for an expedited external review, you, a designated representative, a provider or an attorney on your behalf may fax a request to (844) 696-6071, or write to the following address. Specifically state that you want an

expedited external review decision and that waiting for the standard processing might seriously jeopardize your health.

Binding Arbitration

A dispute regarding a claim for Benefits, including Prescription Drug Benefits administered as a Covered Service, must proceed first through the claims process described in this section above before any further legal action can be taken with respect to that claim. Otherwise any dispute or claim, of whatever nature, including a claim for Benefits that has completed the internal appeals process, that arises out of, in connection with, or in relation to this Plan, or breach or rescission thereof, or in relation to care or delivery of care, including any claim based on contract, tort or statute, must be resolved by arbitration if the amount sought exceeds the jurisdictional limit of the small claims court.

Any dispute regarding a claim for damages within the jurisdictional limits of the small claims court will be resolved in such court.

The Federal Arbitration Act shall govern the interpretation and enforcement of all proceedings under this binding arbitration provision. To the extent that the Federal Arbitration Act is inapplicable, or is held not to require arbitration of a particular claim, state law governing agreements to arbitrate shall apply.

The Member and UC agree to be bound by this binding arbitration provision and acknowledge that they are each giving up their right to a trial by court or jury.

The Member and UC agree to give up the right to participate in class arbitration against each other. Even if applicable law permits class actions or class arbitrations, the Member waives any right to pursue, on a class basis, any such controversy or claim against UC and UC waives any right to pursue on a class basis any such controversy or claim against the Member.

The arbitration findings will be final and binding except to the extent that state or Federal law provides for the judicial review of arbitration proceedings.

The arbitration is begun by the Member making written demand on UC. The arbitration will be conducted by Judicial Arbitration and Mediation Services ("JAMS") according to its applicable Rules and Procedures. If, for any reason, JAMS is unavailable to conduct the arbitration, the arbitration will be conducted by another neutral arbitration entity, by mutual agreement of the Member and UC, or by order of the court, if the Member and UC cannot agree that has completed the internal appeals process.

A special enrollment period is a timeframe outside of open enrollment when an eligible Participant or Dependent can enroll in, or change enrollment in, a health plan. The special enrollment period is 30 days following the date of a Qualifying Event except as otherwise specified below. The following are examples of Qualifying Events. For complete details and a determination of eligibility for special enrollment, please consult your Employer.

 - The eligible Employee or Dependent loses coverage under another employer health benefit plan or other health insurance and meets all of the following requirements:
 - The Employee or Dependent was covered under another employer health benefit plan or had other health insurance coverage at the time the Employee was initially offered enrollment under this Plan;
 - If required by the Employer, the Employee certified, at the time of the initial enrollment, that coverage under another employer health benefit plan or other health insurance was the reason for declining enrollment provided that the Employee was given notice that such certification was required and that failure to comply could result in later treatment as a Late Enrollee;
 - The Employee or Dependent was eligible for coverage under Medicaid (e.g. Healthy Families Program or Medi-Cal) and such coverage was terminated due to loss of such eligibility, provided that enrollment is requested no later than 60 days after the termination of coverage;

 - In the case of coverage offered through an HMO, loss of coverage because the eligible Employee or Dependent no longer resides, lives, or works in the service area (whether or not within the choice of the

Out-of-area services

Overview

The Claims Administrator has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as Inter-Plan Programs and they operate under rules and procedures issued by the Blue Cross Blue Shield Association. Whenever members receive Covered Services outside of California, the claims for those services may be processed through one of these Inter-Plan Programs described below.

When you access Covered Services outside of California, but within the United States, the Commonwealth of Puerto Rico, or the U.S. Virgin Islands (BlueCard® Service Area), members generally obtain care from healthcare providers that have a contractual agreement ("Participating providers") with the local Blue Cross and/or Blue Shield Licensee in that other geographic area (Host Blue). In some instances, members may obtain care from healthcare providers in the Host Blue geographic area that do not have a contractual agreement ("Non-participating providers") with the Host Blue. The Claims Administrator's payment practices for both kinds of providers are described below and in the [Introduction](#) section of this Benefit Booklet.

See the [Care outside of California](#) section for more information about receiving care while outside of California. To find participating providers while outside of California, visit bcbs.com.

Inter-Plan Programs

Emergency Services

Members who experience an Emergency Medical Condition while traveling outside of California should seek immediate care from the nearest Hospital. The Benefits of this Plan will be provided anywhere in the world for treatment of an Emergency Medical Condition.

BlueCard® Program

Under the BlueCard® Program, benefits will be provided for Covered Services received outside of California, but within the BlueCard® Service Area. When you receive Covered Services within the geographic area served by a Host Blue, the Claims Administrator will remain responsible for doing what we agreed to in the Benefit Booklet. However, the Host Blue is responsible for handling all interactions with its providers, including contracting with participating healthcare providers, including direct payment to the provider.

The BlueCard® Program enables you to obtain Covered Services outside of California, from a healthcare provider participating with a Host Blue, where available. The participating healthcare provider will automatically file a claim for the Covered Services provided to you, so there are no claim forms for you to fill out. You will be responsible for the member Copayment, Coinsurance and Deductible amounts, if any, as stated in this Benefit Booklet.

The Claims Administrator calculates the Member's share of cost either as a percentage of the Allowable Amount or a dollar Copayment, as defined in this Benefit Booklet. Whenever you receive Covered Services outside of California, within the BlueCard Service Area, and the claim is processed through the BlueCard® Program, the amount you pay for Covered Services, if not a flat dollar Copayment, is calculated based on the lower of:

- The billed charges for Covered Services; or
- The negotiated price that the Host Blue makes available to the Claims Administrator.

Often, this negotiated price will be a simple discount that reflects an actual price that the Host Blue pays to your provider. Sometimes, it is an estimated price that considers special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after considering the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, consider adjustments to correct for over- or underestimation of modifications of past pricing of claims as noted above. However, such adjustments will not affect the price the Claims Administrator used for your claim because these adjustments will not be applied retroactively to claims already paid.

Laws in a small number of states may require the Host Blue to add a surcharge to your calculation. If any state laws mandate other liability calculation methods,

including a surcharge, we would then calculate your liability for any Covered Services according to applicable law.

To find participating BlueCard® providers you can call BlueCard Access® at 1-800-810-BLUE (2583) or go online at bcbs.com and select "Find a Doctor."

Prior authorization may be required for non-emergency services. Please see the [Utilization Management Program](#) section for additional information on prior authorization and the [Emergency Benefits](#) section for information on emergency admission notification.

Non-participating providers outside of California

When Covered Services are provided outside of California and within the BlueCard® Service Area by non-participating providers, the amount a Member pays for such services will be based on either the Host Blue's non-participating healthcare provider local payment, the Allowable Amount the Claims Administrator pays a Non-Participating Provider in California if the Host Blue has no non-participating provider allowance, or the pricing arrangements required by applicable state or federal law. In these situations, the Member will be responsible for any difference between the amount that the non-participating provider bills and the payment the Claims Administrator will make for Covered Services as set forth in this paragraph.

If you do not see a participating provider through the BlueCard® Program, you will have to pay the entire bill for your medical care and submit a claim to the local Blue Cross and/or Blue Shield plan, or to the Claims Administrator for reimbursement. The Claims Administrator will review your claim and notify you of its coverage determination within 30 days after receipt of the claim; you will be reimbursed as described in the preceding paragraph. Remember, your share of cost is higher when you see a non-participating provider.

Your Cost Share for out-of-network Emergency Services will be the same as the amount due to a Participating Provider for such Covered Services as listed in the [Summary of Benefits](#).

Prior authorization is not required for Emergency Services. In an emergency, go directly to the nearest hospital. Please see the [Utilization Management Program](#) section for additional information on emergency admission notification.

Blue Cross Blue Shield Global® Core (Blue Shield Global® Core)

Care for Covered Services outside the BlueCard Service Area

The Blue Cross and Blue Shield Association, of which the Claims Administrator is a member, has a program called Blue Cross Blue Shield Global® Core (Blue Shield Global® Core). If you are outside of the BlueCard® Service Area, you may be able to take advantage of Blue Shield Global® Core when accessing a network of inpatient, outpatient, and professional services. Blue Shield Global® Core is unlike the BlueCard®

Program available within the BlueCard® Service Area in certain ways. For instance, although Blue Shield Global® Core assists you with accessing a network of inpatient, outpatient, and professional providers, the network is not served by a Host Blue. As such, when you receive care from provider outside the BlueCard® Service Area, you will typically have to pay the providers and submit the claim yourself to obtain reimbursement for these services. For Covered Services that are subject to your Plan's Deductible, you are also responsible for all costs up to the Allowable Amount until you reach your Deductible.

If you need assistance locating a doctor or hospital outside the BlueCard® Service Area you should call the service center at (800) 810-BLUE (2583) or call collect at (804) 673-1177, 24 hours a day, seven days a week. Provider information is also available online at www.bcbs.com: select "Find a Doctor" and then "Blue Shield Global Core."

Submitting a Blue Shield Global® Core claim

When you pay directly for services outside the BlueCard® Service Area, you must submit a claim to obtain reimbursement. You should complete a Blue Shield Global® Core claim form and send the claim form along with the provider's itemized bill to the service center at the address provided on the form to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of your claim. The claim form is available from Customer Service, the service center or online at www.bcbsglobalcore.com. If you need assistance with your claim submission, you should call the service center at (800) 810-BLUE (2583) or call collect at (804) 673-1177, 24 hours a day, seven days a week.

Special Cases: Value-Based Programs

Claims Administrator Value-Based Programs

You may have access to Covered Services from providers that participate in a Claims Administrator Value-Based Program. Claims Administrator Value-Based Programs include, but are not limited to, Accountable Care Organizations, Episode Based Payments, Patient Centered Medical Homes, and Shared Savings arrangements.

BlueCard® Program

If you receive Covered Services under a Value-Based Program inside a Host Blue's service area, you will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees

to the Claims Administrator through average pricing or fee schedule adjustments.

Limitation for duplicate coverage

Medicare

This Plan will provide Benefits before Medicare when:

- You are eligible for Medicare due to age, if the Participant is actively working for a group that employs 20 or more employees (as defined by Medicare Secondary Payer laws);
- You are eligible for Medicare due to disability, if the Participant is covered by a group that employs 100 or more employees (as defined by Medicare Secondary Payer laws); or
- You are eligible for Medicare solely due to end-stage renal disease during the first 30 months you are eligible to receive benefits for end-stage renal disease from Medicare.

Medi-Cal

Medi-Cal always pays for Benefits last when you have coverage from more than one payor.

Qualified veterans

If you are a qualified veteran, the Claims Administrator will pay the reasonable value or the Allowable Amount for Covered Services you receive at a Veterans Administration facility for a condition that is not related to military service. If you are a qualified veteran who is not on active duty, the Claims Administrator will pay the reasonable value or the Allowable Amount for Benefits you receive at a Department of Defense facility. This includes Benefits for conditions related to military service.

Coverage by another government agency

If you are entitled to receive Benefits from any federal or state governmental agency, by any municipality, county, or other political subdivision, your combined Benefits from that coverage and this Plan will equal but not be more than what the Claims Administrator would pay if you were not eligible for Benefits under that coverage. The Claims Administrator will provide Benefits based on the reasonable value or the Allowable Amount.

Exception for other coverage

An In-Network Provider may seek reimbursement from other third-party payors for the balance of their charges for services you receive under this Plan.

If you recover from a third party the reasonable value of Covered Services received from an In-Network Provider, the In-Network Provider is not required to accept the fees paid by the Claims Administrator as payment in full. You may be liable to the In-Network Provider for the difference, if any, between the fees paid by the Claims Administrator and the reasonable value recovered for those services.

Reductions – third-party liability/Subrogation

If your injury or illness was, in any way, caused by a third party who may be legally liable or responsible for the injury or illness, no Benefits will be payable or paid under the Plan unless you agree in writing, in a form satisfactory to the plan, to do all of the following:

- Provide the Plan with a written notice of any claim made against the third party for damages as a result of the injury or illness;
- Agree in writing to reimburse the Plan for Benefits paid by the Plan from any Recovery (defined below) when the Recovery is obtained from or on behalf of the third party or the insurer of the third party, or from your own uninsured or underinsured motorist coverage;
- Execute a lien in favor of the Plan for the full amount of Benefits paid by the plan;
- Ensure that any Recovery is kept separate from and not comingled with any other funds and agree in writing that the portion of any Recovery required to satisfy the lien of the Plan is held in trust for the sole benefit of the Plan until such time it is conveyed to the plan;
- Periodically respond to information requests regarding the claim against the third party, and notify the plan, in writing, within 10 days after any Recovery has been obtained;
- Direct any legal counsel retained by you or any other person acting on your behalf to hold that portion of the Recovery to which the Plan is entitled in trust for the sole benefit of the Plan and to comply with and facilitate the reimbursement to the Plan of the monies owed it.

If you fail to comply with the above requirements, no benefits will be paid with respect to the injury or illness. If Benefits have been paid, they may be recouped by the plan, through deductions from future benefit payments to you or others enrolled through you in the plan.

“Recovery” includes any amount awarded to or received by way of court judgment, arbitration award, settlement or any other arrangement, from any third party or third party insurer, or from your uninsured or underinsured motorist coverage, related to the illness or injury, without reduction for any attorneys’ fees paid or owed by the you or on your behalf, and without regard to whether you have been “made whole” by the Recovery. Recovery does not include monies received from any insurance policy or certificate issued in your name, except for uninsured or underinsured motorist coverage. The Recovery includes all monies received, regardless of how held, and includes monies directly received as well as any monies held in any account or trust on your behalf, such as an attorney-client trust account.

You shall pay to the Plan from the Recovery an amount equal to the Benefits actually paid by the Plan in connection with the illness or injury. If the Benefits paid by the Plan in connection with the illness or injury exceed the amount of the Recovery, you shall not be responsible to reimburse the Plan for the Benefits paid in connection with the illness or injury in excess of the Recovery.

Your acceptance of Benefits from the Plan for illness or injury caused by a third party shall act as a waiver of any defense to full reimbursement of the Plan from the Recovery, including any defense that the injured individual has not been “made whole” by the Recovery or that the individual’s attorneys’ fees and costs, in whole or in

part, are required to be paid or are payable from the Recovery, or that the Plan should pay a portion of the attorneys' fees and costs incurred in connection with the claims against the third party.

If you receive services from an In-Network Hospital for injuries or illness, the Hospital has the right to collect from you the difference between the amount paid by the Plan and the Hospital's reasonable and necessary charges for such services when you receive payment or reimbursement for medical expenses.

Coordination of benefits, continued

When you are covered by more than one group health plan, payments for allowable expenses will be coordinated between the two plans. Coordination of benefits ensures that benefits paid by multiple group health plans do not exceed 100% of allowable expenses. The coordination of benefits rules also determine which group health plan is primary and prevent delays in benefit payments. The Claims Administrator determines the order of benefit payments between two group health plans, as follows:

- When a plan does not have a coordination of benefits provision, that plan will always provide its benefits first. Otherwise, the plan covering you as an Employee will provide its benefits before the plan covering you as a Dependent.
- Coverage for Dependent children:
 - When the parents are not divorced or separated, the plan of the parent whose date of birth (month and day) occurs earlier in the year is primary.
 - When the parents are divorced and the specific terms of the court decree state that one of the parents is responsible for the health care expenses of the child, the plan of the responsible parent is primary.
 - When the parents are divorced or separated, there is no court decree, and the parent with custody has not remarried, the plan of the custodial parent is primary.
 - When the parents are divorced or separated, there is no court decree, and the parent with custody has remarried, the order of payment is as follows:
 - The plan of the custodial parent;
 - The plan of the stepparent; then
 - The plan of the non-custodial parent.
- If the above rules do not apply, the plan which has covered you for the longer period of time is the primary plan. There may be exceptions for laid-off or retired Employees.
- When the Claims Administrator is the primary plan, Benefits will be provided without considering the other group health plan. When the Claims Administrator is the secondary plan and there is a dispute as to which plan is primary, or the primary plan has not paid within a reasonable period of time, the Claims Administrator will provide Benefits as if it were the primary plan.
- Anytime the Claims Administrator makes payments over the amount they should have paid as the primary or secondary plan, the Claims Administrator reserves the right to recover the excess payments from the other plan or any person to whom such payments were made.

These coordination of benefits rules do not apply to the programs included in the [Limitation for Duplicate Coverage](#) section.

General provisions

Independent contractors

Providers are neither agents nor employees of the Claims Administrator but are independent contractors. In no instance shall the Claims Administrator be liable for the negligence, wrongful acts, or omissions of any person providing services, including any Physician, Hospital, or other Health Care Provider or their employees.

Assignment

The Benefits of this Plan, including payment of claims, may not be assigned without the written consent of the Claims Administrator. In-Network Providers are paid directly by the Claims Administrator. When you receive Covered Services from an Out-of-Network Provider, the Claims Administrator, at its sole discretion, may make payment to the Participant or directly to the Out-of-Network Provider. If the Claims Administrator pays the Out-of-Network Provider directly, such payment does not create a third-party beneficiary or other legal relationship between the Claims Administrator and the Out-of-Network Provider. The Participant must make sure the Out-of-Network Provider receives the full billed amount, whether or not the Claims Administrator makes payment to the Out-of-Network Provider.

Plan interpretation

The Claims Administrator shall have the power and authority to construe and interpret the provisions of this Plan and to determine the Benefits of this Plan. University of California determines eligibility to receive Benefits under the Contract. The Claims Administrator shall exercise this authority for the benefit of all Members entitled to receive Benefits under this Plan.

Access to information

The Claims Administrator may need information from medical providers, from other carriers or other entities, or from the Member, in order to administer the Benefits and eligibility provisions of this Plan and the Contract. By enrolling in this health plan, each Member agrees that any provider or entity can disclose to the Claims Administrator that information that is reasonably needed by the Claims Administrator. Members also agree to assist the Claims Administrator in obtaining this information, if needed, (including signing any necessary authorizations) and to cooperate by providing the Claims Administrator with information in the Member's possession. Failure to assist the Claims Administrator in obtaining necessary information or refusal to provide information reasonably needed may result in the delay or denial of Benefits until the necessary information is received. Any information received for this purpose by the Claims Administrator will be maintained as confidential and will not be disclosed without the Member's consent, except as otherwise permitted or required by law.

Right of recovery

Whenever payment on a claim is made in error, the Claims Administrator has the right to recover such payment from the Participant or, if applicable, the provider or another health benefit plan, in accordance with applicable laws and regulations. With notice, the Claims Administrator reserves the right to deduct or offset any amounts paid in error from any pending or future claim to the extent permitted by law. Circumstances that might result in payment of a claim in error include, but are not limited to, payment of benefits in excess of the benefits provided by the health plan, payment of amounts that are the responsibility of the Participant (Cost Share or similar charges), payment of amounts that are the responsibility of another payor, payments made after termination of the Participant's coverage, or payments made on fraudulent claims.

Notice about high deductible health plans: This Plan is intended to qualify as a high deductible health plan (HDHP) that meets the requirements of Section 223 of the Internal Revenue Code of 1986, as amended. It is designed to be compatible for use with tax-favored health savings accounts established under federal tax law. If this Plan no longer qualifies as an HDHP, the Claims Administrator will make efforts to amend this Plan to meet the qualifications. If there is a change in plan provisions, the Claims Administrator will provide written notice of the change, and the change shall become effective on the date provided in the written notice.

This Plan is not a "Health Savings Account" or an "HSA", but is designed as a "high deductible health plan" that may allow you, if you are eligible, to take advantage of the income tax benefits available to you when you establish an HSA and use the money you put into the HSA to pay for qualified medical expenses subject to the deductibles under this Plan. If this Plan was selected in order to obtain the income tax benefits associated with an HSA and the Internal Revenue Service were to rule that this Plan does not qualify as a high deductible health plan, you may not be eligible for the income tax benefits associated with an HSA. In this instance, you may have adverse income tax consequences with respect to your HSA for all years in which you were not eligible.

The Claims Administrator does not provide tax advice. If you have questions about health savings accounts or other tax-favored arrangements that are compatible with HDHPs under federal law, you should consult with your tax advisor.

Notice about this Administrative Services Only plan: The Plan Document is on file with your Employer and a copy will be furnished upon request.

University of California is the Employer. Blue Shield of California has been appointed the Claims Administrator. Blue Shield of California processes and reviews the claims submitted under this Plan.

Notice about Plan Benefits: Benefits are only available for services and supplies you receive while covered by this Plan. You do not have the right to receive the Benefits of this Plan after coverage ends, except as specifically provided under the [Continuity of care](#) and [Continuation of group coverage](#) sections. The Claims Administrator may change Benefits during the term of coverage as specifically stated in this Benefit Booklet. Benefit changes, including any reduction in Benefits or elimination of Benefits, apply to services or supplies you receive on or after the effective date of the change.

Notice about Medical Necessity: Benefits are only available for services and supplies that are Medically Necessary. The Claims Administrator reserves the right to review all claims to determine if a service or supply is Medically Necessary. A Physician or other Health Care Provider's decision to prescribe, order, recommend, or approve a service or supply does not, in itself, make it Medically Necessary.

- Family planning;
- Contraceptive services, including emergency contraception;
- Sterilization, including tubal ligation at the time of labor and delivery;

Surprise Billing Claims

Surprise Billing Claims are claims that are subject to the No Surprises Act requirements:

- Emergency Services provided by Out-of-Network Providers;
- Covered Services provided by an Out-of-Network Provider at an In-Network Facility; and
- Out-of-Network Air Ambulance Services.

No Surprises Act Requirements

Emergency Services

As required by the CAA, Emergency Services are covered under your Plan:

- Without the need for prior authorization; and
- Whether the provider is In-Network or Out-of-Network.

If the Emergency Services you receive are provided by an Out-of-Network Provider, Covered Services will be processed at the In-Network benefit level.

Note that if you receive Emergency Services from an Out-of-Network Provider, your Out-of-Pocket costs will be limited to amounts that would apply if the Covered Services had been furnished by an In-Network Provider. However, Out-of-Network Cost Share (i.e., Copayments, Deductibles and/or Coinsurance) will apply to your claim if the treating Out-of-Network Provider determines you are stable, meaning you have been provided necessary Emergency Care such that your condition will not materially worsen and the Out-of-Network Provider determines: (i) that you are able to travel to an In-Network Facility by non-emergency transport; (ii) the Out-of-Network Provider complies with the notice and consent requirement; and (iii) you are in condition to receive the information and provide informed consent. If you continue to receive services from the Out-of-Network Provider after you are stabilized, you will be responsible for the Out-of-Network cost-shares, and the Out-of-Network Provider will also be able to charge you any difference between the maximum Allowable Amount and the Out-of-Network Provider's billed charges. This notice and consent exception does not apply if the Covered Services furnished by an Out-of-Network Provider result from unforeseen and urgent medical needs arising at the time of service.

Out-of-Network Services Provided at an In-Network Facility

When you receive Covered Services from an Out-of-Network Provider at an In-Network Facility, your claims will be paid at the Out-of-Network Benefit level if the Out-of-Network Provider gives you proper notice of its charges, and you give written consent to such charges. This means you will be responsible for the Out-of-Network Cost Share for those services and the Out-of-Network Provider can also charge you any difference between the maximum Allowable Amount and the Out-of-Network Provider's billed charges. This requirement does not apply to ancillary services. Ancillary services are one of the following services: (A) Emergency Services; (B) anesthesiology; (C) laboratory and pathology; (D) radiology; (E) neonatology; (F) diagnostic services; (G) assistant surgeons; (H) Hospitalists; (I) intensivists; and (J) any services set out by the U.S. Department of Health & Human Services. In addition, The Claims Administrator will not apply this notice and consent process to you if the Claims Administrator does not have

an In-Network Provider in your area who can perform the services you require. Out-of-Network Providers satisfy the notice and consent requirement as follows:

1. By obtaining your written consent not later than 72 hours prior to the delivery of services; or
2. If the notice and consent is given on the date of the service, if you make an appointment within 72 hours of the services being delivered.

How Cost Share is Calculated

Your Cost Share for Emergency Services or for Covered Services received by an Out-of-Network Provider at an In-Network Facility, will be calculated using the median Plan In-Network contract rate that the Claims Administrator pays In-Network Providers for the geographic area where the Covered Service is provided. Any Out-of-Pocket Cost Share you pay to an Out-of-Network Provider for either Emergency Services or for Covered Services provided by an Out-of-Network Provider at an In-Network Facility will be applied to your In-Network Out-of-Pocket Maximum.

Appeals

If you receive Emergency Services from an Out-of-Network Provider or Covered Services from an Out-of-Network Provider at an In-Network Facility or Out-of-Network air ambulance services and believe those services are covered by the No Surprises Act, you have the right to appeal that claim. If your appeal of a Surprise Billing Claim is denied, then you have a right to appeal the adverse decision to an Independent Review Organization as set out in the "Settlement of Disputes" section of this Benefit Book.

Provider Directories

The Claims Administrator is required to confirm the list of In-Network Providers in its Provider Directory every 90 days. If you can show that you received inaccurate information from The Claims Administrator that a Provider was In-Network on a particular claim, then you will only be liable for the In-Network Cost Share (i.e., Copayments, Deductibles, and/or Coinsurance) for that claim. Your In-Network Cost Share will be calculated based upon the maximum Allowable Amount.

Transparency Requirements
