How to access care around the world

When you are away from home and need immediate care, the Blue Cross Blue Shield Global® Core program is here for you. As an Anthem Blue Cross (Anthem) member, you have access to doctors, hospitals, and medical services in most countries around the world.¹ You also have the freedom to use any doctor or hospital when you travel, but you can keep your healthcare costs down by using a doctor or hospital in the Blue Cross Blue Shield Global Core network.

If you need care outside the U.S.

	Before you leave the U.S. <ul style="list-style-type: none">• Bring an up-to-date Anthem member ID card. If you download the SydneySM Health app, you'll have your member ID card on your phone.• Bring any medicines you need. It's a good idea to pack extra, just in case your travels are delayed.• See your doctor about getting necessary immunizations for where you are traveling.• Download the Blue Cross Blue Shield Global Core app.• If you need refills on prescriptions, call the Pharmacy Services number on your member ID card.
	In an emergency <p>Go to the nearest hospital and contact the Blue Cross Blue Shield Global Core Service Center as quickly as possible, 24/7, by calling 804-673-1177.</p>
	If you need care that is not urgent or an emergency <p>Call the Blue Cross Blue Shield Global Core Service Center, 24/7, at 804-673-1177, before receiving care to confirm coverage and that the care is appropriate. This will also let Anthem seek a "Guarantee of Payment" with the doctor so you only pay a deductible or coinsurance. Otherwise, you will likely have to pay the entire bill upfront and then submit a claim to Anthem for reimbursement (minus any deductible or coinsurance).</p>
	<p>Go to bcbsglobalcore.com and enter the first three letters of the ID number on your Anthem member ID card. They are:</p> <ul style="list-style-type: none">• VUC for the UC Care plan.• QUC for the CORE, Health Savings Plan (HSP).• U5X for the Medicare plans.• Choose what you're looking for (for example, doctor or hospital).• Enter your travel destination or the city closest to your destination.• Choose a result to view details, such as specialties and languages spoken.
	Show your Anthem ID card so doctors and healthcare professionals in the Blue Cross Blue Shield Global Core network can check your benefits and send a claim for processing, if necessary.
	Use the Blue Cross Blue Shield Global Core mobile app. <p>You can get medical terms and phrases for many symptoms translated and use an audio feature to play the translation.² Plus, you can find a drug's generic name, local name, and if it's available.</p> <div></div>

If you're enrolled in the **UC Care Plan** or **CORE Plan**, you can live or travel abroad, and your benefits for medical care are the same as for medical care in the U.S.³ If you are enrolled in a **flexible spending account (FSA)** you can use those funds to pay for eligible healthcare costs your plan doesn't cover.

This is a brief overview of your benefits and is not a contract. To request copies of these documents, call Accolade toll free at **866-406-1182**. You can also visit facultystaffppo.universityofcalifornia.edu, from the menu choose
